

SAFE HENRY

Working Together Everyday to Ensure a Safe and Secure Henry County Schools

SAFETY ROUTINES

District-Wide Drill Participation

Henry County Families:

As part of the HCS process to ensure a safe and secure learning environment, all schools participate in required monthly safety drills. These required drills include:

Fire Drill/Evacuation Drill

This drill is used when a situation requires an evacuation from the building such as a fire alarm. All school staff, students, and visitors will evacuate the building.

Severe Weather Drill

This drill is used for weather related warnings such as a tornado watch or severe thunderstorm. During this drill all school staff, students, and visitors, will assume a safe position within the school building.

Lockdown Drill

This drill is used for a more significant event in the school environment. During a lockdown drill all school staff, students, and visitors, will assume a safe position within the school building.

School leaders determine specific dates and times for the drills in accordance with state codes and individual school needs. Teachers and administrators have specific talking points to use before and after safety drills and additional supports for our primary students. If you, or your child, has any concerns or questions about our safety routines or the nature of the events that we prepare for, please contact your school administrator.

Thank you for the support and confidence you place in Henry County Schools daily to ensure that we provide a safe and secure learning environment for all students.
