RE: Grant Recipient School

Greetings Flippen Elementary Families and Stakeholders,

As we close out another fantastic school year, we would like to share with you new opportunities on the horizon for our students. Beginning the 2023-2024 school year, Flippen Elementary will be a Title I Part A, Grant Recipient School. The Title I Part A grant is a part of the Every Student Success Act (ESSA). It is designed to support State and local school enhancement efforts to ensure all students receive quality educational experiences where they thrive. This aligns with our board's core beliefs and our district's community-inspired strategic plan. As a Title I Part A Grant Recipient, our school will receive federal funding to supplement the school's existing programs to help all students succeed and achieve.

Some ways our school may use Title I funds to improve our instruction programs are:

- Additional Instructional positions such as teachers, paraprofessionals, instructional coaches
- Individualized support for students, such as tutoring and academic enrichment programs
- Instructional equipment and materials
- Parent and Family Engagement programs and materials

As a partner in education, we welcome your input and feedback on how we can use the funds from this federal grant to enhance our instructional programming and engage our parents and families to strengthen our connectivity. **Please take a moment to complete this brief survey by clicking the link below.**
