

COVID-19 MANAGEMENT PLAN

Continuum of Multi-Layered Mitigation Strategies

Adapted per updated DPH FIFTEENTH AMENDED ADMINISTRATIVE ORDER. Information subject to change.

SY 2021-2022

Henry County Schools has a plan to advance layered mitigation strategies if local conditions of community health warrant adjustments. We will continue daily monitoring of community health conditions and school impact - along with consultation and coordination with medical authorities - as we responsibly open schools and proceed through the year. As always, Henry County Schools will adhere to any applicable federal or state executive order as required.

MULTI-LAYERED MITIGATION STRATEGIES	LEVEL 1	LEVEL 2	LEVEL 3	LEVEL 4	LEVEL 5
	LEVEL 1 STRATEGIES	APPLIED ONLY IF CONDITIONS WARRANT LEVEL 1 STRATEGIES PLUS	CURRENT LEVEL LEVEL 2 STRATEGIES PLUS	APPLIED ONLY IF CONDITIONS WARRANT LEVEL 3 STRATEGIES PLUS	APPLIED ONLY IF CONDITIONS WARRANT LEVEL 4 STRATEGIES PLUS
TARGETED RESPONSE <small>Temporary and isolated closures could be directed based on conditions concerning rates of new positive cases, hospitalization rates, transmission rates in a school, or supervision of students is strained due to quarantine.</small>	Targeted closures could occur based on specific conditions for any of the following: <ul style="list-style-type: none"> Classroom Hallway Grade Level School 	Targeted closures could occur based on specific conditions for any of the following: <ul style="list-style-type: none"> Classroom Hallway Grade Level School 	Targeted closures could occur based on specific conditions for any of the following: <ul style="list-style-type: none"> Classroom Hallway Grade Level School 	Targeted closures could occur based on specific conditions for any of the following: <ul style="list-style-type: none"> Classroom Hallway Grade Level School Cluster or District 	Targeted and expanded closures could occur based on specific conditions for any of the following: <ul style="list-style-type: none"> Classroom Hallway Grade Level School Cluster or District

Medical professionals have indicated that the best layer of protection and prevention for individuals 12+ is the COVID-19 vaccine. Vaccines are widely and readily available. For information to learn more about receiving the vaccine, contact your local medical provider or pharmacy.
