## **SAVE THE WORLD!!!!!**

## THE WORLD IS COMING TO AN END!

Aliens have invaded our planet. The aliens look just like us, they talk like us, they even eat the same foods as us....well they eat us and the food we consume that is. Your friends have been disappearing and so have your teachers and neighbors. We continue to have flooding, earth quakes, and other natural disasters that do not seem to be coming from the earth. It is radiation from the UFO's orbiting our planet. You must figure out their plan. Then devise ways to stop **each step** of their plan. Follow the below steps to save us all!

You are tasked to save our planet. You must create a plan and device for each of the issues we are plagued with. IT IS UP TO YOU!!!! HELP!!!

Step 1: Creat are seeingn			explain	s the pr	oblem	above).	Only te	ll of the	issues we
							,		

Step 3: Devise a plan that would save us! In 3-5 paragraphs explain how you would save the world. Give detailed instructions that in the case of your demise; be detailed so another can follow. You are the smartest person on the planet leftIT IS ALL UP TO YOU!!!!					

Now that you have created a plan, please show it step by step in the form of a comic book below. You must be detailed so that even those who can't read due to the radiation rotting our brains coming from the cellphones and television screens (created by these aliens) can follow step by step. (Bonus: Color)
