

2021-2022 Ola High Mock Trial Team

After auditions, the coaches have made the following decisions on roles for the upcoming season. Everyone that auditioned should be proud of themselves just for even trying out. Reading and remembering complex witness statements, elements of a crime and evidence and then presenting it back in front of an audience is very difficult in itself.

The decisions made by the coaches were not easy to say the least and many of you were chosen to fill roles that you may not have auditioned for.

If you were selected as an alternate attorney or witness, the team needs you to be prepared to fill that role on very little notice and you are expected to attend every practice and competition. With COVID still a concern as well as other reasons, we expect to have students drop out or be unavailable some days. Each team member, whether you are an alternate or not get all the same awards and recognition to include school letter for letterman's jacket. New players will quickly learn that to be successful, we must work as a team, help each other out and put in maximum effort.

See below for practice information and the establishment of separate google classrooms.
