

## s Information Services Division

# **Skype to Microsoft Teams Migration**

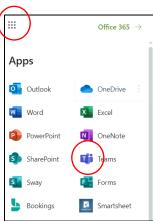

Microsoft Teams is replacing Skype for Business. Skype for Business will be retired by Microsoft on July 31, 2021. The chat feature can now be found in Microsoft Teams.

## **GETTING STARTED WITH MICROSOFT TEAMS**

Those that use Skype for Business to communicate with others throughout the district can use the <u>Quick</u> <u>Start Guide</u> for steps to sign into Microsoft Teams and get started with the chat feature.

## Sign into Microsoft Teams

- 1. Login to Office 365 using your email address and email password
- 2. Click on the App Launcher (top left corner) and choose Teams
- 3. You will be automatically signed in. You may choose to install the app to easily navigate to Teams on your desktop.

## WHO CAN USE TEAMS?

- Microsoft Teams will allow for communication from employee to employee. At this time, Microsoft Teams has not been provisioned for student use.
- If Skype for Business was not being used as a communication tool, no other steps are necessary for the user. Using Microsoft Teams for chat is an optional feature.
