Mrs. Julissa Forbes, Principal

Mr. Corey Davidson, Assistant Principal

Dr. Robin Collins, Assistant Principal

Dear Parent/Guardian:

Stockbridge Middle School will offer four high school courses (Algebra I, Physical Science, Spanish I/II) for the upcoming school year, as well as accelerated mathematics. Your student have the opportunity to take accelerated and high school credit courses in middle school for 2021-2022. These courses give students the opportunity to experience a more challenging curriculum in order to prepare them for Advanced Placement and Dual Enrollment. If your child chooses to enroll in honors and accelerated courses, the depth of rigor will be more challenging than standard courses, and he/she will be learning at a much faster pace.

Students enrolled in an accelerated and honors course must recognize and understand that they will be responsible for extended academic responsibilities and expectations, which may include a more challenging workload as well as additional skill mastery and problem-solving assignments inside and outside of class. The content and strategies they pursue in accelerated and honors coursework will better prepare them for success in their high school and college-level studies. A commitment to the course and its depth of content, along with good time-management and study skills, is essential to your child's success. To enroll in a high school credit course, please use the enclosed link: <https://forms.gle/euxvQ5EmZWvrxC2B7>

There will be a parent information session Wednesday, May 12, 2021 via zoom.

Meeting ID: 927 9506 6702

Passcode: Cs9!hUc

If you have any questions, please feel free to contact either of the Counselors at Stockbridge Middle School at 770-474-5710.

Sincerely,
SMS Counseling Team
