

Parents / Guardians

We need your help! Each year the Georgia Department of Education asks parents and guardians to answer a brief confidential survey about their child's school. Taking this survey can help us to get resources for our students. The more input we have from you, the better!

Please take a few minutes to take this survey to help make NHE the best it can be!

Georgia State Health Survey

We need your help! Each year the Georgia Department of Education asks parents and guardians to answer a brief confidential survey about their child's school. Taking this survey can help us to get resources for our students. The more input we have from you, the better! **Please take a few minutes to take this survey to help make NHE the best it can be!**
