Students from across Henry County choose Impact Academy because they want to experience school in a different way. They are often looking for flexibility, personalization, and a dynamic learning community.

The Impact Way

Learning that works

The Impact Way encourages the students to collaborate with teachers and peers to choose their best way to learn.

Learning just for you

In our learning community, *The Impact Way* is to target learning experiences to the individual need or desire of the student.

Learning at a flexible pace

Not all students learn at the same pace. *The Impact Way* is to provide students with a guided, flexible pace to show mastery.

Learning at home and school

The Impact Way is to engage in the best of online learning and the best of face-to-face experiences.

Three IA Fast Facts

01

Enrollment windows are:

- First two weeks of school
- Mid-October
- First two weeks of January

02

Although some of the learning experience is completed online, students are encouraged to attend twice a week-required to come to IA at least weekly.

03

Bus transportation is provided to and from IA.
