VEGETABLE Broccoli

When it comes to nutrition,
this guy's a real heavyweight!
He's rich in vitamins and min-
erals and contains loads of
cancer-fighting beta-
carotene. Plus, by weight
fresh broccoli has more
vitamin C than an orange and
as much calcium as milk!
Get lifting!

OF THE MONTH

BACK TO THE FUTURE

Like that great old movie, that's where our School Meals program appears to be headed next year: back to pre-pandemic days. Looks like we'll again be asking families that may qualify for free and reduced-price meals to please apply (you'll be able to do that on our website, and in other ways), while other students will pay for meals.

We're glad that, in the year ahead (the future!), we will again be able to focus primarily on what has always been our core mission: providing the good nutrition that your kids need to learn well in class. That's what we love doing.

But we also know that the challenges of our pandemic-era operations—shortages, supply chain tie-ups, rising costs for food, material, and energy, etc.—will still be there. Your family faces those challenges, too, so you know what we're saying. And like your family, we're going to face those challenges head on and do what we have to do for kids.

Nothing is written in stone yet, but we wanted to give you a heads up, so you can make plans to get ahead of the curve. We'll continue to keep our families posted with any program updates though the summer and into next school year. *There is still time to apply online for this school year's free and reduced-price meals status in our district. Go to:* schoolwires.henry.k12.ga.us/Page/110494

Congratulations and best of luck to all members of the Class of 2022.

We'll look forward to serving the rest of you again next fall!
