RE: Before The Bell Middle School Program Interest Parent Surveys

Beginning Monday, April 25th, we would like for the below link to be added to all middle school websites so we can obtain interest in the Before the Bell Middle School Program. This survey will allow us to make an informed decision whether there will be sufficient interest from parents regarding this tuition-based morning program at each middle school.

This survey will remain active from Monday, April 25, 2022 until Friday, May 13, 2022. Once the survey ends, data will be reviewed to facilitate further dialogue with middle school principals.

Link to the survey:
