

2019 AP Calculus Exam

Date: Tues., May 14th

Time: 8:00 - 11:30am

Location: LGHS

Cost: \$94 (or \$53 for Free-Reduced Lunch-eligible students)

... fee due around mid-April

STUDENT: _____

☐ **YES, I will definitely take the AP Calculus Exam**

My financial situation is:

☐ My family will be able to cover the \$91 fee

☐ My family will need some assistance to cover the \$91 fee, but I am not eligible for FRL

☐ I am eligible for FRL and my family will be able to cover the \$53 reduced fee

☐ I am eligible for FRL but my family will still need some assistance to cover the \$53 reduced fee

Initial here if you are willing to participate in fundraisers to help cover exam fees:

☐

For my fee only

☐

For anyone in need

☐ **NO, I will not be taking the AP Calculus Exam** (even though I know Ms. Seigle really, really wants *and expects* me to)

My reasons are:

☐ Academic - I do not believe I will not "pass" by earning a 3, 4, or 5 on the exam

☐ Financial - I would like to take the exam but my family cannot afford it

NOTE: If financial, I can help you raise the money...I just need for you to let me know by checking one of the YES boxes above!

☐ I do not have a good reason why, I just simply do not want to take it

☐ **UNDECIDED (aka, I just need Ms. Seigle to convince me I can do it)**
