District Volunteer

Why Volunteer?

Welcome! We are excited and honored that you are interested in being a Henry County Schools district-level volunteer. Our district offers a variety of activities you may choose from when volunteering your time. Our volunteers and business partners provide many of the greatest services to our students!

People choose to volunteer for a variety of reasons. For some, volunteering offers an opportunity to give back to our community and make a difference. It provides an opportunity to develop new skills or build on existing experience and knowledge. Regardless of the reason, volunteering is both challenging and rewarding, and volunteering is an avenue to increase opportunities, access, and connectivity in Henry County.

Who can serve as a Volunteer?

Volunteers are individuals who choose to serve and to assist under the direction and supervision of school and district personnel. Volunteers bring value to Henry County Schools through diverse talents and skills. Community volunteers make contributions to our educational program by assisting and supporting the execution of our strategic actions and priorities. Our programs, events, traffic control assistance, clerical assistance, and other district-level opportunities can be enhanced through the use of volunteers who have particular knowledge or skills that will be helpful to members of the staff responsible for designated programs and activities.
