Greetings HCS Parents!

We are extremely excited about the opportunity to partner with the parents and families of our 24 Title I Schools in educating their children. Despite the challenges that we have faced this year, we strongly believe in the importance of Family Engagement and will continue our work in unifying our district by fostering strong parent and family relationships. However, we understand that we cannot do this without your help. The purpose of this newsletter is to provide information about the power that parents and families have on the overall success not only of their child, but to the success of the entire district.

- ⇒ Support the academic efforts of your child through goal setting and ongoing progress checks via the Parent Portal.
- \Rightarrow Make decisions about your child's education and academic program .

- * Set expectations for homework and daily review of notes.
- Have child explain a concept to you and ask probing questions to determine their comprehension and understanding.
- * Encourage child to have a study buddy that they can contact when they need support.

- * Contact your child's teacher to request resources/websites that can assist you in supporting your child. Don't be afraid to ask the teacher to explain concept to you.
- Visit your school's Family Resource Center or contact your Parent Involvement Professional (PIP) to request additional support/resources.
- * Avoid statements such as "I am not good at Math so you probably get that from me".
- If eligible, make arrangements for your child to attend tutoring with the teacher or school's Title I program.

8 Tips to Help Your Child Focus and Stay Engaged During Remote Learning

- Set a schedule and keep it Establish a consistent night and morning schedule with your remote learner. Use alarms/timers to assist with daily schedule.
- 2. Determine how your child likes to learn—Is your child a visual learning or do they prefer to learn hands-on (kinesthetic)? Find ways to help your child study using their preferred learning style.
- Set up a personal learning space for your child Consider establishing a specific location where your child will participate in Remote Learning daily. Avoid interrupting them while they are in school. Consider headphones if there are multiple learners in the home.
- 4. Utilize Checklists and other Visual Cues—Create a

checklist that your child can utilize daily to stay on task. For younger students, use pictures and other visual cues.

- Connect with the school and teachers—Don't be afraid to reach out to your child's school and teachers for support, guidance, and additional resources.
- 6. **Stay Positive**—Children often respond to their

parent's anxieties. Make every effort to stay calm and positive, even in moments of frustration.

Facts about Title I

What is Title I?

Title I, Part A is a federally funded program under the Every Student Succeeds Act (ESSA). The purpose of Title I under the ESSA is to ensure that all children have a fair, equal, and significant opportunity to obtain a high quality education and reach, at a minimum, proficiency on challenging state academic achievement standards and state academic assessments.

Who is eligible for Title I Services?

The program serves students in elementary, middle and high schools who have demonstrated the need for additional academic assistance. **A parent's financial status does not impact eligibility.** Students are identified using multiple criteria including previous year's tests scores, report cards, and teacher recommendations. A family's income IS NOT considered.

Benefits of Title I

Title I provides schools an opportunity to offer additional support and resources to increase the academic achievement of students. In addition to student support, Title I also provides support for parents to assist their child at home in order to increase student achievement. ALL parents of students who attend a Title I School are encouraged to participate in their school's Parent & Family Engagement Program. Teachers at Title I schools also benefit from additional professional development and instructional resources.

How Does Our School Receive Title I Money?

- MYTH—Only low-income students receive Title I Services FACT—Title I Services are based on academic need, not income!
- 1. The **Federal Government** provides Title I funding to each state.
- 2. **State Educational Agencies** send this money to school districts. How much money each district receives is determined by the number of students eligible for free or reduced lunch in the ENTIRE district.
- 3. **Districts** then allocate Title I funds to schools with higher rates based on the number of eligible students enrolled.
- 4. Finally, once funds have been released, Title I schools:
 - Identify the students at their school who need the most educational assistance based on various academic criteria that school has chosen. Students **DO NOT** have to be from low-income families to receive Title I services.
 - Set goals for improving the skills of all students at their school and determine how to utilize their Title I funds to support those goals.
 - Measure student progress to determine the success of the Title I program for each student.

You as a parent have the right to request the professional qualifications of your child's classroom teachers and paraprofessionals, including:

Whether the student's teacher-

- has met State qualification and licensing criteria for the grade levels and subject areas in which the teacher provides instruction;
- is teaching under emergency or other provisional status through which State qualification or licensing criteria have been waived; and
- is teaching in the field of discipline of the certification of the teacher.
- Whether the child is provided services by paraprofessionals and, if so, their qualifications.

Family Resource Centers

A Family Resource Center is located in each of our 24 Title I Schools. ALL parents of children who attend a Title I school are welcome to visit their Resource Center. The Family Resource Center is designated solely for parents to receive support, training, and access to resources that will assist them in supporting their child. Parents of children who attend a Title I School are always welcome to check out resources, get information from workshops that they may have missed, and even access their child's grades via the Parent Portal. Parent and Family Engagement Plan

FINAL —September 18, 2020

What is Family and Parent Engagement?

Henry County believes that parent involvement means the participation of parents in regular two-way, and meaningful communication involving student academic learning and other school activities, including ensuring:

- 1. That parents play an integral role in assisting their child's learning.
- 2. That parents are encouraged to be actively involved in their child's education at school.
- 3. That parents are full partners in their child's education and are included, as appropriate, in decision-making and on advisory committees to assist in the education of their child.
- 4. The carrying out of other activities, such as those prescribed in Section 1116 of the ESSA.
- 5. The carrying out of other activities, such as those described in Section 1116 of the ESEA.

About our District's Parent & Family Engagement Plan

In support of strengthening student academic achievement, Henry County Schools has developed this parent and family engagement plan that establishes the district's expectations and objectives for meaningful family engagement and guides the strategies and resources that strengthen school and parent partnerships in the district's 24 Title I schools. This plan will describe our commitment to engage families in the education of their children and to build the capacity in its Title I schools to implement family engagement strategies and activities designed to achieve the district and student academic achievement goals.

When schools, families, and communities work together to support learning, children tend to do better in school, stay in school longer and enjoy school more. Title I, Part A provides for substantive parental involvement at every level of the program, such as in the development and implementation of the district and school plan, and in carrying out the district and school improvement provisions. Section 1116 of the Every Student Succeeds Act (ESSA) contains the primary Title I, Part A requirements for schools and school systems to involve parents in their children's education. Consistent with Section 1116, Henry County Schools will work with its Title I schools to ensure that the required school-level parental involvement policies meet the requirements of Section 1118 (b) and each include, as a component, a school-parent compact consistent with Section 1116(d) of the ESSA.

EXPECT Exceptional

Jointly Developed Plan

For the 2020-2021 school year, all Title I parents were invited to participate and provide feedback on the district's and school's Plans during their school's Spring Input Meeting. Parents were invited to all meetings through flyers, emails, text messages, and postings on each school's website as well as their social media platforms. During these meeting, parents received information about the district's Strategic Priorities as well as how the district allocated its Title I funds including the 1% Parent Involvement budget.

Parents who could not attend the meeting were encouraged to submit comments and feedback regarding the Parent & Family Engagement Plan, Strategic Priorities, and Budget at any time on the school's website or to contact the school's Parent Involvement Professional. All feedback received by May 29, 2020 in reference to the district's Parent & Family Engagement Plan was considered. Upon final revision, this plan was incorporated into the CLIP and submitted to the state.

This plan is posted on our district's Title I page under Parent & Family Engagement. It will also be included in every Title I School's Parent & Family Engagement Guidebook.

District Support to Strengthen Our Schools

The district's Title I Parent Engagement Specialist will provide assistance and support to all 24 Title I schools to ensure family engagement requirements are being satisfied and that family engagement strategies and activities are being implemented. Title I schools will receive notifications and resources from the district's Parent Engagement Specialist to help them improve and strengthen family engagement. In addition to frequent communication and school visits, the Title I Parent Engagement Specialist will hold monthly meetings and trainings with its Title I schools' Parent Involvement Professionals and other appointed representatives to review family engagement plans and activities as well as provide guidance with the assistance of parents for Title I Schools to build staff capacity in Parent and Family Engagement.

Additionally, the district's Title I Office will host Annual Title I Compliance Training in July for all Title I Principals, Title I Teachers, Tutors and Title I Parent Involvement Professionals to review parent and family engagement compliance requirements and activities.

RESERVATION OF FUNDS

Henry County Schools will distributed 100% of the total reserved amount of Title I Parent & Family Engagement funds that it received for the 2020-2021 year directly to all of its Title I schools to support their local-level Parent & Family Engagement programs and activities.

The district will provide clear guidance and communication to assist each Title I school in developing an adequate parental involvement budget that supports programs that reach parents and family members at home, in the community, and at school. Each Title I school will host a Parent Input Meeting for parents to provide suggestions how these parental involvement funds will be used at the school-level.

Parent feedback and meeting minutes from these meetings will be reviewed by the school to determine areas of need for the 2020-2021 school year and consider changes to the parental involvement budget.

Building Capacity—Henry County's Mission IS Possible!

Henry County and the Title I Office will take the following measures in order to build the schools' and parents' capacity for strong parent and family engagement that will improve student academic achievement through the following districtwide activities and strategies:

SUPPORT FOR PARENTS

- ★ Sharing vital information to parents of Title I schools on the Georgia Standards of Excellence, state and local academic assessments including the Georgia Milestones, as well as the required assessments for students including assessments for parents of children receiving ESOL services. The dates and locations for these workshops will be posted on the district's Title I webpage as well as the websites of our Title I Schools. Parents will also receive workshop notifications via flyers, email, REMIND, and Infinite Campus.
- ★ The district's Title I Parental Involvement webpage as well as each Title I school's webpage will contain additional information such as parent guides and effective strategies that will assist parents in helping their children at home.
- ★ Copies of these materials will be made available by request for parents who may have limited Internet access as well as those in need of translated versions.
- ★ Collaborating with our local Pre-K, Early Reading & Literacy Programs, as well as participating Technical & Post-Secondary Schools to share school information that will help prepare parents and their child(ren) for transitions into elementary, middle, high, and beyond.
- ★ Ensuring that all information related to school and parent programs, meetings, and other activities is available to all parents in an understandable and uniform format, such as flyers, newsletters and calendars and posted on the district and/or school website. Parent notifications and resources will be sent home in parents' native language, where applicable, and interpreters will be available at parent events and meetings. Information posted on the district Web site will be translated to the extent practicable. The district will also utilize school telephone systems, school websites, local news media, and other school message systems to post information for parents.

SUPPORT FOR SCHOOL STAFF

- ★ Providing ongoing support to Parent Involvement Professionals (PIPs) and Title I Principals in the efforts to communicate and build partnerships with parents. The district's Parent Engagement Specialist will also train appropriate school staff and faculty on creating a welcoming environment and improving school-parent communication.
- ★ Developing partnerships with community members and business leaders to serve as school and district level speakers in order to build staff capacity. The district will encourage collaboration between all stakeholders by posting meeting information on the district's website and share with our 24 Title I Schools.

Opportunities for Meaningful Parent Consultation

All parents and families of students attending a Title I school are encouraged and invited to fully participate in the opportunities described below. Input and suggestions from families are an essential component of the district and school improvement plans that are developed each year.

School & District Level Parent Input Meetings & Panel Discussions Ongoing, throughout the year

Henry County encourages all parents of children attending a Title I School to participate in their school's Parent Input Meetings and other Panel Discussions. Each Title I School will send home information regarding the date and time of these meetings. Information will also be posted on each school's webpage as well as the district's Title I webpage.

<u>Title I Parent & Family Engagement Input Meeting</u> April 2021—May 2021

All Title I Families are invited to provide input via online surveys on the district's Title I Consolidated LEA School Improvement Plan, the Title I Parent & Family Engagement Plan, and District's Parental Involvement Budget. Notices regarding these input opportunities will be provided to parents in advance using multiple communication methods.

Parent & Family Engagement Annual Evaluation

In the Spring, Henry County Schools will evaluate the content and effectiveness of this Plan for Shared Student Success and the various parental involvement activities to improve the academic quality of the Title I schools through an annual Parent & Community Stakeholder Input Meeting. Our goal is to work with parents and family members to identify barriers to greater parent participation in our Title I schools. We plan to identify specific needs that parents and family members have with supporting the achievement of their children and communicating to faculty and staff. These surveys and feedback forms will also be posted on the district and school websites for parents who are unable to attend.

In addition to the annual survey, each Title I school will also have a Spring Parent Input Meeting to discuss the school's Title I Programs and conduct their own school level evaluation. The results from district forums, Parent Input Meetings and Annual surveys will be used to improve the district and school level Parent & Family Engagement program.

ACCESSIBILITY

In carrying out the parental involvement requirements established by Section 1116 of the ESEA, the District's Title I Parent Engagement Specialist will communicate and collaborate with the Student Services office and Title III Coordinator to ensure full opportunities for participation including providing information and school reports in a language parents can understand to parents with limited English proficiency, parents with disabilities, and families of homeless and children migratory including providing information and school reports in a language parents can understand.

Informing and Empowering Parents

All families of children attending a Title I school are invited to attend Title I meetings and events at the school and district level to share their ideas and suggestions to help the district, schools, and students to reach our student academic achievement goals. The following is a list of sample workshops that will be offered at your child's school or on the district level. For the 2020-2021 meetings will be held in person as well as virtually.

What is Title I?

Oakland Elementary is identified as a Title I school as part of the Every Student Succeeds Act (ESSA). Title I is designed to support State and local school reform efforts tied to challenging State academic standards in order to reinforce and enhance efforts to improve teaching and learning for students. Title I programs must be based on effective means of improving student achievement and include strategies to support parental involvement. All Title I schools must jointly develop with all parents a written parent and family engagement plan.

School Plan for Shared Student Achievement

What is it? This is a plan that describes how Oakland Elementary will provide opportunities to improve parent and family engagement to support student learning. Oakland Elementary values the contributions and involvement of parents in order to establish an equal partnership for the common goal of improving student achievement. This plan describes the different ways that Oakland Elementary will support parent and family engagement and how parents can help plan and participate in activities and events to promote student learning at school and at home.

How is it developed? Oakland Elementary School welcomes parent input and comments at any time regarding the plan. The plan is updated annually with the assistance of parents in order to meet the changing needs of parents and the school. A Parent Input meeting is held in the Fall and Spring of each school year. The School-wide Plan, Compact, Parent and Family Engagement Plan, and Title I Budget (including the parent and family engagement budget) are discussed. Parents also provide feedback on ways to build staff capacity for Parent and Family Engagement. The plan is posted on our school website for parents to view and post feedback throughout the year. We also distribute an annual survey to ask parents for their suggestions on the plan and the use of funds for parent and family engagement.

During the Annual Evaluation in the spring, parents are given the opportunity to share their thoughts about the Plan. Any unsatisfactory comments or suggestions will be submitted to the district with the principal's Annual Evaluation report.

Who is it for? All students and their families are encouraged and invited to fully participate in the opportunities described in this plan. Oakland Elementary will provide full opportunity for the participation of parents with limited English, parents with disabilities and parents of migratory children.

Where is it available? At the beginning of the year, once the Plan is accepted, it will be distributed to all parents at the Annual Title I meeting in September. Parents can also retrieve a copy of the plan in the Parent Resource Center, on the school website or, upon request, a copy can be emailed to you.
