To enroll, call 1-844-488-8395 . Installation fees will be waived for new student households. No data caps or hidden fees.
Charter	Will be opening its Wi-Fi hotspots across our footprint for public use.
Comcast	Low-income families that live in a Comcast service area are being offered 60 days of complimentary Internet Essentials service, which is usually available to all qualified low-income households for \$9.95/month. We will be increasing Internet speeds for Internet Essentials service from 15/2 Mbps to 25/3 Mbps for all new and existing customers, which will be the speed of service going forward
Xfinity	Xfinity Wi-Fi Free for Everyone: Xfinity Wi-Fi hotspots across the country will be available to anyone who needs them for free-including non-Xfinity Internet subscribers. For a map of Xfinity Wi-Fi hotspots, visit www.xfinity.com/wifi . Once at a hotspot, consumers should select the "xfinitywifi" network name in the list of available hotspots, and then launch a browser. <ul style="list-style-type: none"> - Pausing Our Data Plan: With so many people working and educating at home, we want our customers to access the internet without thinking about data plans. While the vast

majority of our customers do not come close to using 1TB of data in a month, we are pausing our data plans for 60 days giving all customers Unlimited data for no additional charge.

- No Disconnects or Late Fees: We will not disconnect a customer's internet service or assess late fees if they contact us and let us know that they can't pay their bills during this period. Our care teams will be available to offer flexible payment options and can help find other solutions. **(Updated 4.17.20)**
