

Student Progress For [REDACTED]

The top progress bar tracks how much of a course a student has completed. This bar should be blue or green. If it is red, a student is behind in their course. The progress bar updates live as the student works.

- Student Ahead
- Student On Track
- Student Behind
- Target Completion

2015-2016 S2 English World Lit B Joyner

The second progress bar shows a student's OVERALL grade. This is the average of all of the assignments they have COMPLETED.

Complete (Count): 8.7% Relative Grade: 3.1%

Start Date: 1/5/2016 Actual Grade: 100%

Target Date: 5/20/2016 Target Completion: 7.1%

This is the date the course should be 100% finished.

A student's ACTUAL grade is their "progress report" grade. If a student is on target or ahead in a course, their OVERALL grade and their ACTUAL grade will MATCH. If they are behind and their top progress bar is red, the ACTUAL grade will be lower. The ACTUAL grade averages in zeros for assignments that should have already been completed. When a student catches up in a course, the zeros are removed.

	Quiz	Test	Exam	Essay	Assignment	Additional
Taken	1				9	
Tested Out						
Total	15	4	1	1	94	
Graded	1				4	
Score	100%				100%	
Weight	25%	25%	20%	15%	15%	

Target Completion is how much a student SHOULD have completed as of the current day.

The bottom graph gives a break down of grade categories in the course. It shows how each type of assignment is weighted. The graph also shows a student's average for their different categories. Example: This student has completed 9 assignments out of the 94 that they complete over the course of the semester. 4 of the assignments were graded. The average of the 4 assignments is a 100%. This 100% is counting for 15% of the students's overall grade.
