LEARNING FOCUS

Math: I can fluently multiply multi-digit whole numbers to solve mathematical problems using efficient strategies that are based on knowledge of place value and properties of operations.

Reading: I can explain the relationships and interactions between two or more individuals and events in a historical text.

I can write an informative text that examines a topic and conveys information clearly.

Writing: I can write an informative text that examines a topic and conveys information clearly.

Science: I can differentiate between instincts and learning behavior
