

# AUDIO VISUAL TECHNOLOGY MCDONOUGH HIGH SCHOOL

POST MASTER PRODUCTIONS  
COACH KP ROOM 435

The Audio Video Technology and Film pathway consists of 3 courses taken in sequence over a three-year period and culminating with an End of Pathway Assessment (EOPA). Audio Video Technology and Film consists of four courses where a student can earn one full course credit in one semester.

## Course Description

This course will serve as the foundational Introduction to Film & Video Production. Post Master Productions is McDonough High School's in-house production team and we are grateful to be able to serve our community through our daily announcements, photography, and video production. All three classes will have the opportunity to contribute to PMP in some way!

YEAR	CONTENT	
<p><b>1ST YEAR</b> Video Production Introduction</p>	<p>The course prepares students for employment or entry into a postsecondary education program in the audio and video technology careerfield.</p> <p>Topics covered may include, but are not limited to: terminology, safety, basic equipment, scriptwriting, production teams, production, and programming, lighting, recording and editing, studio production, and professional ethics.</p>	<ul style="list-style-type: none"> <li>● Safety</li> <li>● Pre-Production</li> <li>● Careers/Disciplines</li> <li>● History of Film &amp; TV</li> <li>● Scripts</li> <li>● Audio</li> <li>● Camera Functions</li> <li>● Copyright</li> <li>● Professionalism/Soft Skills</li> <li>● Production Management</li> <li>● Adobe Premiere Pro</li> </ul>
